PROFESSIONAL SUMMARY

Frontend Engineer with strong experience building scalable, high-performance applications using TypeScript, Next.js, React, Tailwind CSS, and modern API integration patterns. Adept at translating design prototypes into production-ready user interfaces and collaborating across teams to deliver seamless user experiences.

CORE TECHNICAL SKILLS

TypeScript, Next.js, React, JavaScript (ES6+), Tailwind CSS, HTML, CSS, API Integration, Node.js, Git/GitHub, Responsive Design, UI/UX Optimization

PROFESSIONAL EXPERIENCE

Frontend Developer (Freelance) — Self-Employed | Remote | 2024 – Present

- Built responsive, production-ready applications using TypeScript, React, and Next.js.
- Implemented API integrations and optimized page rendering for improved performance.
- Converted Figma designs into reusable, scalable components using Tailwind CSS.
- Ensured accessibility, mobile responsiveness, and consistent UI/UX across devices.

Frontend Developer Intern — HNG Internship | Remote | 2025 – Present

- Developed modular UI components with TypeScript, React, and Tailwind CSS.
- Integrated APIs into application workflows, ensuring smooth data interactions.
- Participated in code reviews, debugging, and weekly agile sprint activities.
- Contributed to dashboards, UI systems, and performance optimization initiatives.
- Supported the development of a student dashboard prototype using modern React patterns and optimized styling.

EDUCATION

Ahmadu Bello University, Zaria — B.Sc. Physics (Second Class), 2024

West African Senior School Certificate, 2017

LEADERSHIP & VOLUNTEER EXPERIENCE

- Vice President, RCCG Youth & Young Adults, 2025
- Sports Director, RCCG Youth & Young Adults, 2023–2024
